Experience

UX/UI Design Intern, Project Jupyter

Apr 2020 - Dec 2020

Led the design and research for the tabular data editor extension (+5000 downloads).

Created personas, user journeys, user stories, user flows, and heuristic evaluations.

Collaborated with developers and worked on the front-end of the extension.

Web Developer & Researcher, IDEAL Lab

Sep 2019 - Sep 2020

Designed and built the IDEAL lab website using HTML, CSS, and JavaScript.

Conducted research on optimizing the product development process.

UX Researcher, Everything Food

Mar 2020 - Jun 2020

Pioneered the research for the Buy EF Direct feature.

Developed and executed usability tests through the UserTesting platform.

Documented and presented actionable product research findings to stakeholders.

Engaged in agile development and used Jira for managing workflows.

Events and Experience Organizer, Camp PolyHacks

Apr 2019 - Apr 2020

Organized a campus-wide hackathon that had over 200 participants.

Coordinated workshops, hackathon logistics, and participant surveys.
